

The Globus Song

Mike Dickison • www.giantflightlessbirds.com

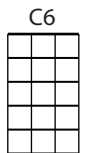

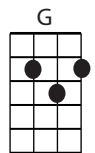

Em Em B7 Em
Globus, Globus, yellow and mysterious
Am Am
Born in a corner of Fort Grunt
Em Em
What did Globus think or want?
B7 B7
Which end's back and which is front on
Em Em
Globus, Globus

Em Em B7 Em
Globus, Globus, headless and pseudopodous
Am Am
Brought to life by Lou and Ben
Em Em
Died in a dumpster, rose again
B7 B7
No-one quite knows how or when
Em Em
Globus, Globus

D7 D7
Held all Durham in its thrall
G G
Sought gazebos from a truck
B7 B7
Hugged by children large and small
Em Em
Touching Globus brought you luck
D7 D7
Trundled slowly through the park
G G
From Arcadia was hurled
C6 C6
Glowed bright yellow in the dark
B7 B7
Far too brightly for this world

Em Em B7 Em
Globus, Globus, vacuolated and glorious
Am Am
Searching for your lemon glow
Em Em
Sagittally, high and low
B7 B7
Where exactly did you go?
Em Em
Globus, Globus

Globus was created, as the song says, by Lou and Ben of www.fortgrunt.com.
